

Trilogy Art Group Presents

Lighthouses

Interactive Watercolor Workshop

Three Sessions with Fred Ventura

Join us for a captivating watercolor painting class where we explore the enchanting world of lighthouses. In this engaging workshop, participants will have the opportunity to bring these iconic structures to life on their canvases. Guided by a seasoned watercolor artist, we will draw inspiration from stunning photographs of lighthouses, each one capturing the unique charm and mystique of these coastal beacons.

During the class, you will learn fundamental watercolor techniques, including color mixing, brushwork, and creating luminous washes. Our instructor will provide step-by-step instructions, offering valuable insights and tips to help you master the art of watercolor painting.

As we delve into the creative process, you will discover how to capture the subtle interplay of light and shadow, the graceful lines of the lighthouse structures, and the ethereal beauty of the surrounding landscapes. Through the medium of watercolor, you will explore the delicate balance between precision and spontaneity, allowing your imagination to soar and infusing your artwork with your own unique style.

Whether you are a beginner eager to discover the joy of watercolor or an experienced painter looking to refine your skills, this class welcomes all skill levels. We foster a supportive and encouraging environment, where you can learn from fellow participants and draw inspiration from their creativity.

Come and join us for an inspiring and fulfilling painting experience as we capture the timeless allure of lighthouses with the captivating medium of watercolor. Unleash your artistic spirit and create stunning masterpieces that reflect the beauty of these coastal sentinels.
