

Trilogy Art Group Presents

Digital Arts Workshop

Exploring Procreate

with Fred Ventura

Mondays, February 5 and 12, 2024

12:00 pm–2:00 pm

MAC Design Room

Students should bring:

iPad with Procreate application loaded (available in the App Store) and a compatible Apple Pencil

Unlock your digital art potential with our two-part workshop series, "Exploring Procreate". Dive into the world of digital creation as your instructor guides you through the fundamentals of using Procreate on an iPad with an Apple Pencil.

In this hands-on workshop, you will discover how to bring traditional art techniques into a digital workspace. Unleash the power of Procreate, a cutting-edge tool favored by artists and designers alike for its ability to replicate the tactile experience of sketching and painting, while harnessing the advantages of the digital medium.

Using a step-by-step approach demonstrated by the instructor, this workshop will help you achieve stunning results. Learn not only the concepts and techniques of digital illustration but also the intricacies of leveraging Procreate's robust features, such as undo, copy, paste, reflect, and more.

Whether you're a novice venturing into the world of digital art, or an experienced user looking to expand or elevate your skills, this workshop is for you.

\$45 TAG members / \$55 guests

Workshop is limited to 12 students
