

Responsibilities of CCBC 2023 Fall League Players

1. This is a friendly, social league and courtesy, respect and good sportsmanship are always expected, including allowing your opponents to roll their balls without distraction.
2. Obtain a copy of the match play schedule. Advise your team captain at least a week in advance of any dates you will not be able to play and ASAP if an emergency occurs.
3. Arrive a minimum of 15 minutes before your scheduled match to ensure your match starts on time.
4. Support your captain as the singular voice of the team on all match related issues including any concerns about the play of your opponents.
5. Stay focused on the match and be ready to play when it is your turn.
6. Share any concerns regarding league play with your captain. Your opinions are important, and you should feel free to share them. If you are uncomfortable sharing concerns with your captain, contact any CCBC board member.
7. Court Presence
 - During play, only one participating player at a time is to be on the court while the game is in progress unless assistance is required.
 - Players may not cross the foul line. They must walk off the court to examine the position of thrown balls.
 - When determining which ball is “inside”, only the designated judge from each team may enter the court. During a measurement, only one player from each team (the captain or their designee) is allowed on the court: **all other players must stay outside the court.**
 - Players are to wait to enter the court to pick up balls until after the measurement is completed and decision announced, **and not offer opinions as to what the call should be.**
