This 3-workshop series introduces students to the basics of creating digital art using an iPad, Apple Pencil and the Procreate App. This class will emphasize the steps artists take to create amazing images using digital tools.

In this course students will experience step-by-step demonstrations that allow for individual guidance and real-time interactions between the teacher and participants. The goal will be to complete at least three digital works of art with increasing complexity.

The class will use an iPad, an Apple Pencil and Procreate. This class is appropriate for those with no prior experience and also anyone who wishes to improve their skills.

Questions should be addressed to Fred Ventura at fred@venturaes.com or (805) 709-2281.

Please make a check to TAG and register at the Monarch Club Concierge. Deadline for sign-ups is May 1, 2023. No refunds after that date. For additional question please contact: Patty Clancy: twinsipat@aol.com or (724) 312-1540.
